What is Medical Coding?

- The healthcare industry, (complex and rigorous even for the most knowledgeable professionals), requires highly qualified people as medical coders to manage the insurance claims and process them in a highly accurate and timely manner.
- Medical coders help to complete, review, and process medical claims. In the process codes are assigned to medical procedures and diagnoses in a universally accepted medical language.

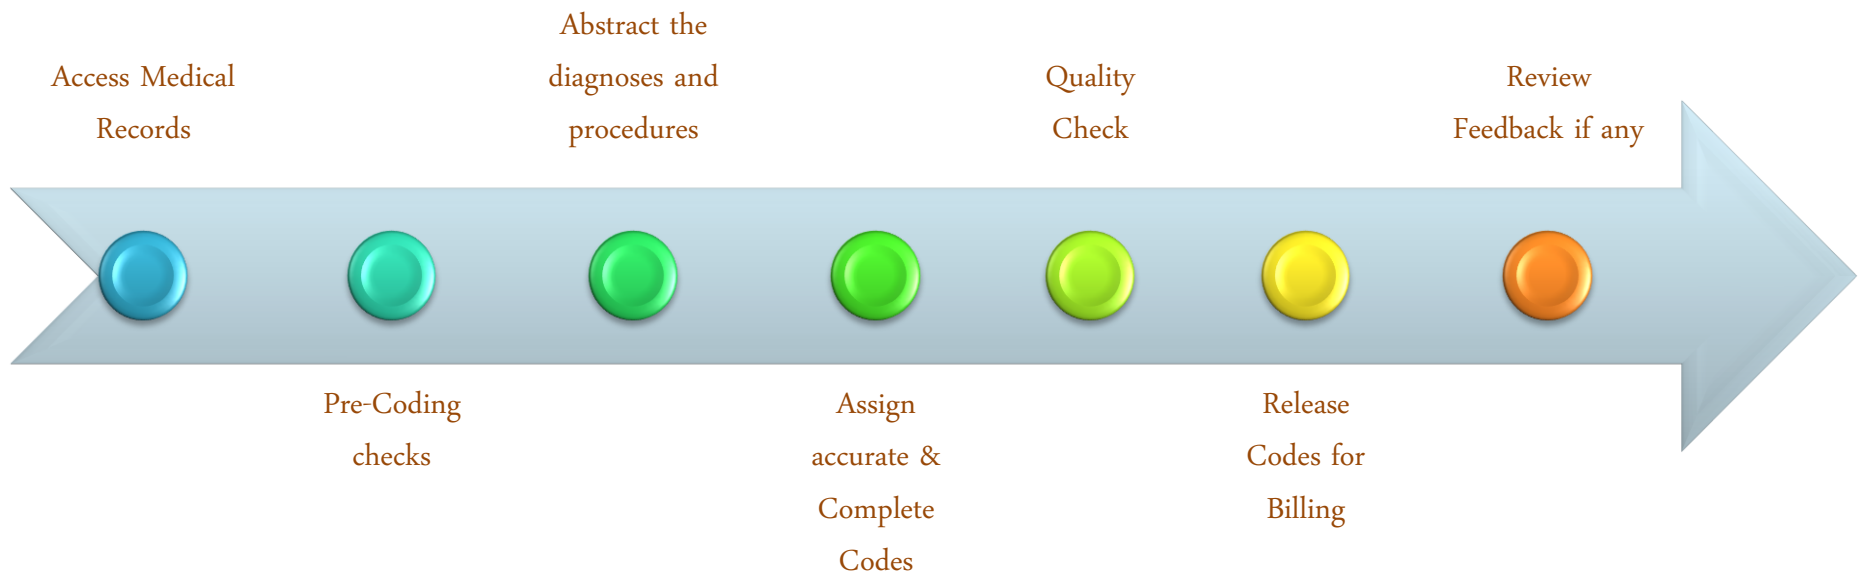

What is Medical Coding? (Contd.)

Medical coding is **essential** to the healthcare industry as it creates and maintains **a single, unified language** by which all (physicians, medical administrators, insurance companies, government healthcare officials) integrated parties are able **to effectively communicate**.

How to start your career in Medical Coding?

Transorze Healthcare 's **Medical Coding & Certification Trainings** enable you to achieve comprehensive knowledge, skills and confidence to start a highly rewarding dream career in Healthcare domain.

We are providing both

- Instructor lead **online** virtual classroom training
- **Classroom** training

Chose what fit you best....

Transorze Program Highlights

- Highly **researched and customized training material** that makes a successful medical coding specialist.
- CPC certified **senior faculties** having years of coding and training experience.
- **Focused Training** sessions, **one-on-one feedback** & counseling by experienced faculties.
- **Latest AAPC** coding materials of Year 2015.
- 24/7 Access to **Transorze Learning Management System**.
- **User-friendly** interactive modules.
- **Flexible class** timings.
- **Chapter specific** quizzes, self-evaluations and e-handouts.
- Get **instant feedback** on tests and evaluations.
- **Multiple practice mock exams** using previous years AAPC model questions.
- Special focus on **interview preparation**.
- Notification about job requirements and medical coding related news to keep you **up-to-date** about Medical Coding domain.

Transorze Courses

- Medical Coding Training Program (MCTP)
- CPC Certification Training Program (CPCTP)
- ICD-10 Certification Training Program (ICD10T)

Medical Coding Training (MCTP)

- **Anatomy & Physiology**

- Medical Terminology.
- Prefix, Suffix, Abbreviations
- All human systems

- **CPT-4: Procedure Coding**

- Evaluation and Management Coding
- Anesthesia Coding
- Surgery Coding
- Radiology Coding
- Pathology Coding
- Medicine Coding
- Modifiers & Place of Service

- **ICD-10 CM**

- Introduction to medical coding
- Structure & conventions
- General Coding guidelines
- Chapter specific guidelines

- **HCPCS Coding**

- **Medical Billing**

- Revenue Cycle Management
- HIPAA Training
- Medical Insurance

- **Final Exam**

- Course Name : Medical Coding Training Program (MCTP)
- Eligibility : Graduation (Preferably Life Science)
- Course Type : Online or Classroom
- Duration: 3 Months
- Fee : Rs.30,000/-
- Course Materials Offered :
 - ICD-10-CM (2015) Coding Book
 - CPT (2015) Coding Book
 - HCPCS (2015) Coding Book
 - Transorze Learning Management System

CPC Certification Training Program(CPCTP)

- **Anatomy & Physiology**

- Medical Terminology.
- Prefix, Suffix, Abbreviations
- All human systems

- **CPT-4: Procedure Coding**

- Evaluation and Management Coding
- Anesthesia Coding
- Surgery Coding
- Radiology Coding
- Pathology Coding
- Medicine Coding
- Modifiers & Place of Service

- **ICD-10 CM**

- Introduction to medical coding
- Structure & conventions
- General Coding guidelines
- Chapter specific guidelines

- **HCPCS Coding**

- **Medical Billing**

- Revenue Cycle Management
- HIPAA Training
- Medical Insurance

- **CPC Practice**

- CPC Previous Years Questions work out
- 5 Sets (150 x 5) CPC Mock Exams

- Course Name : CPC Certification Training (CPCTP)
- Eligibility : Graduation
- Course Type : Online or Classroom
- Duration: 3.5 Months
- Fee : Rs.30,000/-
- Course Materials Offered :
 - ICD-10-CM (2015) Coding Book
 - CPT (2015) Coding Book
 - HCPCS (2015) Coding Book
 - Transorze Learning Management System

ICD-10 Certification Training Program(I10T)

- **ICD-10-CM**

- Introduction to the ICD-10 Coding System
- ICD-10-CM Overview
- Structure and Conventions
- ICD-10-CM Guidelines for Coding and Reporting

- **Chapter Specific ICD-10-CM Coding Guidelines & Quizzes**

- Chapter 1- Infectious
- Chapter 2 -Neoplasm
- Chapter 3 - Diseases of blood and blood forming Organs
- Chapter 4 - Endocrine, Nutritional and metabolic disorders
- Chapter 5 - Mental Disorders
- Chapter 6 - Diseases of nervous system
- Chapter 7 - Diseases of Eye and Adnexa
- Chapter 8 - Diseases of Ear and mastoid Process.
- Chapter 9 - Diseases of circulatory system.
- Chapter 10 - Diseases of respiratory System
- Chapter 11 - Diseases of digestive system
- Chapter 12 - Diseases of skin and subcutaneous tissue
- Chapter 13 - Diseases of Musculoskeletal.
- Chapter 14 - Diseases of Genitourinary System

- Chapter 15 - Complications of pregnancy & Childbirth.
- Chapter 16 - Certain Conditions Originating in the Perinatal Period
- Chapter 17 – Symptoms & signs
- Chapter 18 - Congenital Anomalies
